

# PRELIMINARY NOTICES ON PRIVATE COMMERCIAL PROJECTS

The first step to secure mechanic's lien rights on a **private commercial project** may be to serve a preliminary notice.

**A preliminary notice is not a mechanic's lien.** It's a prerequisite to filing a mechanic's lien and identifies you as a supplier of labor and/or materials to the construction project.

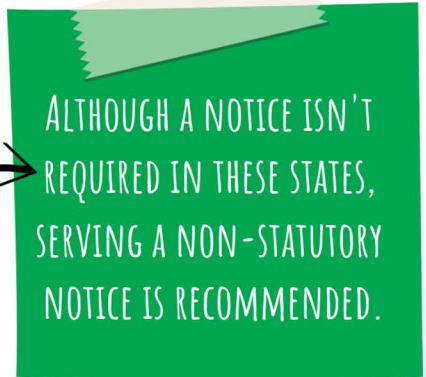

Depending on the state in which it's served, a preliminary notice may go by a different name.
